WEB DEVELOPER

Web Developer and military veteran with an (expired) Secret Security Clearance and 15 years of proven experience in the United States Marines and civilian sector. Accomplished measurable results while leading teams in dynamic, fast - paced environments. Possess an entry level background in web and WordPress CMS development, with a keen eye towards reaching expertise in full-stack JavaScript web development. Excel in autonomous and team environments, working diligently to exceed standards as set by management, and to produce outcomes that enhance overall organizational success. Possess junior-level knowledge in various coding technologies, as well as familiarity with back-end development and coding languages.

TECHNICAL SKILLS (Entry to Intermediate Dev Level)

HTML5 | CSS3 | Sass(SCSS) | JavaScript | React | Bootstrap
WordPress | PHP | Node.js | Express.js | MongoDB | MySQL | NPM | Git

PROFESSIONAL EXPERIENCE

Freelance Web Developer – Boise, ID Owner, Epoch Web Solutions, LLC

Sept 2018 – Present

Manage the design, development, deployment, hosting, and care of professional, small-business websites.

- Customize WordPress CMS websites and post-types with PHP, JavaScript, HTML, and CSS to meet client specifications while adhering to deadlines and continuously communicating build status
- Create web applications and reusable web components using HTML5, CSS3, SCSS, JavaScript (including ES6), React, Bootstrap 4, Semantic UI, Node.js, node package manager (NPM), Express.js, MongoDB, and Git

Ada County Paramedics – Boise, ID Paramedic

2015 – 2018

Selected from a highly competitive pool of candidates to provide advanced medical care during emergency medical transports as a paramedic in Ada County's only emergency transport agency.

- Responded to medical and traumatic emergency calls and performed interventions to reduce patient morbidity and mortality
- Transported patients to medical facilities for definitive care
- As part of Ada County's Tactical Paramedic Team, provided medical support to Ada Metro and Boise SWAT units during high-risk law enforcement operations
- Instructed paramedic students on correct application of medical and traumatic interventions as a Lab Instructor for Idaho State University's Paramedic Science cohort

Bureau of Land Management – Twin Falls District, ID Firefighter

2012 – 2013

- Responded to and extinguished wild fires in Idaho, Utah, Oregon, and Wyoming in remote, mountainous and hazardous environments
- Inspected previously burned fire areas for hidden sources of residual heat and burning embers to ensure complete extinguishment of burned area
- Performed station and vehicle maintenance, and maintained a state of readiness relative to physical fitness and training

United States Marine Corps – Various Locations Aircraft Rescue and Firefighting Specialist

2002 – 2011

Provided fire, medical, HAZMAT and rescue support to a Category II Marine Corps Air Station (airport) in order to mitigate life hazards and preserve property.

- Supervised, directed, and trained Marines in tactical and technical operations stateside and in remote, hazardous environments

- Trained 20+ ARFF Marines on rescue procedures, hazards, and firefighting tactics related to aircraft, structural, medical and HAZMAT emergency situations
- Supervised and instructed ARFF personnel in HAZMAT, fire, and medical emergency operations to ensure safety and compliance with Naval, Department of Defense (DoD), National Fire Protection Association (NFPA) and United States Marine Corps (USMC) standards
